Approval of Minutes– December 5th, 2017 Minutes Approved: Nancy Kremer made the motion, Kathi Anderson seconded- motion passed

New Business/ Pending Business:-

Winter Quarter Meeting Dates/Times –

Nancy Kremer sent out a survey to gathers members' preference for dates and times. 11 people responded; unfortunately there were many conflicts between members. Winter Quarter meetings will be held on the 2nd and 4th Tuesday of the month. The meeting will go from 2 hours down to an hour and a half. The meeting will start at 1:30pm and conclude at 3:00pm. All meetings for Winter Quarter will be held in SU Emerald City Room

College Council Structure – Highlights of the discussion:

- Council Representation – Key areas of the college that aren't being represented on the council i.e. MarCom and Information Technology
- Is the College Council the umbrella over the constituent councils and other committees?
- Shared Governance or Participatory Governance are they different or are they the same?
- Invite Dr. Johnson to another meeting to share her vision of Green River College Council. CC to provide(n)(s)4(g)5(r) 3(

Faculty – Working on an Adjunct handbook

Students - Are planning an Open Education Resource event the first week of March. Asking teachers to consider cost as criteria when selecting instructional materials. Bylaws have changed regarding club ratification. Clubs no longer need to go through the student government to be ratified; this cuts the process down to 2 weeks. However, clubs must go through student government if they are seeking more funding for a certain event.

Classified - It is hard to motivate the group. Management doesn't always encourage and support the council.
